

# Chewelah Peak Learning Center Water Study Area

Driveway

Water study site is **8/10 of a mile** from the Lodge

Walk down the driveway towards the main road  
Turn left, heading down the hill, just before the guardrail

The dirt road will parallel the highway until it takes a sharp left into the trees

Continue on the dirt road until you reach the creek and the bridge

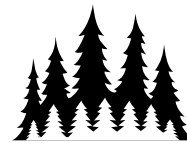

Study supplies can be delivered to the site with advance notice

Most groups can walk this distance in 20 – 35 minutes (one way)
