Discussion Questions

- What one word in each category (look like, sound like, feel like) is in your opinion the most important word for a student leader to master? Why?
- Pick a word from each category (look like, sound like, feel like) and explain how in the past month you have observed a fellow student leader demonstrating this word through actions.
- What category as an individual do you most need to work on to improve? What is an example of when you felt you fell short of this word?
