Ways to Improve the Packet Instructions:

- Note: Elaborate on responses
- Note: DO NOT type up the entire form, please follow format
- In state and local sections, specify “events” to ensure adequate proof of the majority of activities at each school
- Add an RSVP page to each LASC council packet to see where they are and what the impact has been in that region
- Note: Give “good” examples
- Note: Make sure to be specific about democratic processes
- Note: Label and organize attachments

Hints For Success:

- Explain acronyms that might only apply to your area
- Use proper grammar and complete sentences
- Make sure that the “evidence” you provide shows the connection between the activity your SASC/LASC did and the state goal you were accomplishing
- Use pictures in addition to words
- Have a “non-leadership” person go over your packet to see if it makes sense

FOR THE NEXT MEETING:

- Clarify rationale for doing council/association of excellence
- Plan initial trainings and create follow-up trainings in each LASC
- Bring a list of inclusive activities
- *****LASC Report needs to be sent to Joe Fenbert (joef@awsp.org by 10/8)
