Knowing that every child needs an advocate and every staff member and parent/guardian needs a voice. Being a principal means taking care of the whole community which is a great opportunity and privilege.”

Crystal Lanz
K-12 Principal, Trout Lake Schools, Trout Lake SD

I made the decision to pursue this profession because I love teaching. And giving up my classroom for an office was one of the hardest professional choices I’ve had to make. But I had a mentor who showed me the meaning of being an instructional leader, who showcased that the principalship is so much more than just staff meetings, discipline and schedules. She showed me that it is about inspiring the hearts and minds of fellow educators and working to build a school full of rigor and love. And so it was that I sought to take my passion for teaching kids and work to utilize it with a laser focus on lifting and transforming a building of my own.”

Chris Plucker
Assistant Principal, Davis Elementary, College Place PS

I worked as a teacher in a building where some great teachers weren’t able to teach to their highest level because of the numerous distractions out there. I thought I could impact more students by clearing distractions and allowing great teachers to make the impacts on students that they got into this job to do.”
